## Fellowship Financials & Supporting Documents

All WMI Fellowships should have a plan and be working towards becoming self-sustaining. Small steps through savings, financial sponsorships, in-kind donations, partnerships, and income-generating projects help in this effort. WMI believes that groups can develop, host meetings, and implement very impactful community projects with limited budgets and creative planning. Do not let funding stand in the way of your desire to help one another and your community. In this section, please provide an update on the Fellowship's financials.

Does the Fellowship currently have funds saved in a group bank account/account held by the treasurer? \*
